PARTY PLATTERS

MEAT TRAY

The only difference between this tray and our sandwich tray is that your guests make the sandwiches instead of us. We supply everything including rye bread and rolls. Casel's takes into account that when making your own sandwich you may not make it as thick as we do on our sandwich tray but you will make more than one. It depends on what you want your guests to do.

SANDWICH PLATTER

All of our meats are cooked fresh in our kitchen daily. Tell us your choices of meats and cheeses, the number of people that you would like to serve and we do the rest. Our trays include potato salad, pickles and olives. On the side we also supply cole slaw, russian dressing, mayonnaise and mustard. When you get the tray home, all you have to do is unwrap it.

SMOKED FISH TRAY

Our famous homemade whitefish salad surrounded by kippered salmon, freshly sliced nova lox and our own chopped herring. Add tomatoes, red onions, black and green olives on a bed of lettuce and you have our tray. We include cream cheese, 1-1/2 bagels per person, and two choices of sliced cheese. Just tell us the number of people you are having and place your order. We usually count kids as a 1/2 person or less. We can substitute or add anything to meet your needs.
